

Repairing Your Home After a Winter Weather Event – Resources You Can Use

DR-4586 -TX FS 007

Mitigation means acting now to reduce future risk of disaster. You can repair/rebuild safer and stronger after the February winter storms, and Community Education and Outreach Specialists can help you on your recovery journey.

To Speak to a Specialist about Repairing Safer, Stronger and more Resilient:

- Call 833-FEMA-4-US or 833-336-2487
- Email: FEMA-TXMit@fema.dhs.gov

Specialists are available 8 a.m. to 6 p.m. Central Monday – Saturday.

More Resources Are Available Online, Visit:

<https://fema.connectsolutions.com/txmit>

<https://fema.connectsolutions.com/tx-es-mit> for Spanish

Or Use the QR (Quick Response) Code to Locate Mitigation Resources:

1. Aim your camera at the QR Code to scan the code
2. Open the link and review the web page

NOTE: If this does not work, download a FREE QR Code Reader on the Apple Store or Google Play Store.
