RETAIL ORDER FOR A MOTOR VEHICLE

1 As used in this Order, the terms (a) "Seller" shall mean the authorized Dealer to whom this Order is addressed and who shall become a party hereto by its acceptance hereof, (b) "Purchaser" shall mean the party executing this Order as such on the face hereof, and (c) "Manufacturer" shall mean the Company that manufactured the vehicle or chassis, it being understood by Purchaser and Seller that Seller is in no respect the agent of Manufacturer, that Seller and Purchaser are the sole parties to this Order and that reference to Manufacturer herein is for the purpose of explaining generally certain contractual relationships existing between Seller and Manufacturer with respect to new motor vehicles.

2 Manufacturer has reserved the right to change the price to Dealer of new motor vehicles without notice. In the event the price to Dealer of new motor vehicles of the series and body type ordered hereunder is changed by Manufacturer prior to delivery of the new motor vehicle ordered hereunder to Purchaser, Dealer reserves the right to change the cash delivered price of such motor vehicle to Purchaser accordingly. If such cash delivered price is increased by Dealer, Purchaser may, if dissatisfied therewith, cancel this Order, in which event if a used motor vehicle has been traded in as a part of the consideration for such new motor vehicle, such used motor vehicle shall be returned to Purchaser upon payment of a reasonable charge for storage and repairs (if any) or, if such used motor vehicle has been previously sold by Dealer, the amount received therefor, less a selling commission of 15% and any expense incurred in storing, insuring, conditioning or advertising said used motor vehicle for sale, shall be returned to Purchaser.

3 If the used motor vehicle which has been traded in as a part of the consideration for the motor vehicle ordered hereunder is not to be delivered to Dealer until delivery to Purchaser of such motor vehicle, the used motor vehicle shall be reappraised at that time and such reappraised value shall determine the allowance made for such used motor vehicle. If such reappraised value is lower than the original allowance therefor shown on the front of this Order, Purchaser may, if dissatisfied therewith, cancel this Order, provided, however, that such right to cancel is exercised prior to the delivery of the motor vehicle ordered hereunder to the Purchaser and surrender of the used motor vehicle to Dealer.

4 Purchaser agrees to deliver to Dealer satisfactory evidence of title to any used motor vehicle traded in as a part of the consideration for the motor vehicle ordered hereunder at the time of delivery of such used motor vehicle to Dealer. Purchaser warrants any such used motor vehicle to be his property free and clear of all liens and encumbrances except as otherwise noted herein.

5 Unless this Order shall have been cancelled by Purchaser under and in accordance with the provisions of paragraph 2 or 3 above, Dealer shall have the right, upon failure or refusal of Purchaser to accept delivery of the motor vehicle ordered hereunder and to comply with the terms of this Order, to retain as liquidated damages any cash deposit made by Purchaser, and, in the event a used motor vehicle has been traded in as a part of the consideration for the motor vehicle ordered hereunder, to sell such used motor vehicle and reimburse himself out of the proceeds of such sale for the expenses specified in paragraph 2 above and for such other expenses and losses as Dealer may incur or suffer as a result of such failure or refusal by Purchaser.

6 Manufacturer has reserved the right to change the design of any new motor vehicle, chassis, accessories or parts thereof at anytime without notice and without obligation to make the same or any similar change upon any motor vehicle, chassis, accessories or parts thereof previously purchased by or shipped to Dealer or being manufactured or sold in accordance with Dealer's orders. Correspondingly, in the event of any such change by Manufacturer, Dealer shall have no obligation to Purchaser to make the same or any similar change in any motor vehicle, chassis, accessories or parts thereof covered by this Order either before or subsequent to delivery thereof to Purchaser.

7 Dealer shall not be liable for failure to deliver or delay in delivering the motor vehicle covered by this Order where such failure or delay is due, in whole or in part, to any cause beyond the control or without the fault or negligence of Dealer.

8 The price for the motor vehicle specified on the face of this Order includes reimbursement for Federal Excise taxes, but does not include sales taxes, use taxes or occupational taxes based on sales volume, (Federal, State or local) unless expressly so stated. Purchaser assumes and agrees to pay, unless prohibited by law, any such sales, use or occupational taxes imposed on or applicable to the transaction covered by this Order, regardless of which party may have primary tax liability therefor.

9. The Purchaser, before or at the time of delivery of the motor vehicle covered by this Order will execute such other forms of agreement or documents as may be required by the terms and conditions of payment indicated on the front of this Order.
