

UPSHUR COUNTY COMMISSIONERS COURT
GILMER, TEXAS

July 13, 1981

Commissioners Court met in a Regular Session with all members present.

Judge Dean read the minutes of the June 29, 1981 meeting. Charles Still made the motion seconded by J. W. Meadows to approve the minutes with one correction. Bids will be opened August 10, 1981 for oil leases on certain blocks of land in Baylor County. Motion carried.

Gouldman Cannon submitted a permit application to install a culvert within the Right of Way of County Road, Peach. Charles Still made the motion seconded by Floyd Drennan to approve. Motion carried. Copy attached.

A permit application was submitted by C. T. Taylor to install a culvert within the Right of Way of County Road, Weeping Willow. Charles Still made the motion seconded by Floyd Drennan to approve. Motion carried. Copy attached.

Delmo Lawson made the motion seconded by Floyd Drennan to approve a permit application submitted by Exxon Corporation to cross two county roads in Pct. #1 with pipeline. Motion carried. Copy attached.

Tom Glover Wood Company submitted a Special Road Use Agreement to haul logs over Gardenia & Jonquil Roads in Pct. #1 & #2. Delmo Lawson made the motion seconded by J. W. Meadows to approve. Motion carried. Copy attached.

Pritchett Water Supply submitted a permit application to place a water line within the Right of Way of County Road, Mulberry Road. Charles Still made the motion seconded by Floyd Drennan to approve. Motion carried. Copy attached.

Glenn R. Boustead submitted a permit application to install a culvert within the Right of Way of County Road, Woodchuck Road. Floyd Drennan made the motion seconded by J. W. Meadows to approve. Motion carried. Copy attached.

General Telephone Company submitted a permit application to place buried cable in Pct. #3. Charles Still wants to look at it before the application is approved.

Judge Dean read a letter from Johnny Miller, County Health Inspector, requesting an abandoned well on the Harrod McClelland property be filled or covered. Delmo Lawson made the motion seconded by J. W. Meadows to approve. Motion carried. Copy attached.

The court received a letter from Johnny Miller requesting permission to attend a seminar in Arlington, Texas, July 22 & 23, 1981. J. W. Meadows made the motion seconded by Delmo Lawson to table until a later meeting.

County Auditor, Keith Barbar gave his nine months budget report.

Motion made by Charles Still seconded by J. W. Meadows to approve the unpaid bills. Motion carried. Copy attached.

Court closed for an Executive Session.

NOTICE OF PROPOSED INSTALLATION
ROAD CROSSING

July 1, 1981

TO: THE UPSHUR COUNTY COMMISSIONERS' COURT
GILMER, UPSHUR COUNTY, TEXAS

Formal notice is hereby given that Exxon Corporation proposes to construct two (2) pipeline road crossings beneath county roads within the right of way of Upshur County roads at the locations shown on the attached map, identified as "Attachment 1," in Precinct No. 1 in Upshur County, Texas.

The pipelines will be constructed and maintained on the Upshur County rights of way as directed by the Commissioner of Precinct No. 1 and in accordance with specification of Upshur County Commissioners' Court. Details of the proposed construction and installation are shown on the attached drawings, No. MA-4958 and No. MA-4959.

Construction under this proposal will begin on or after the 15th day of July, 1981.

The permission of this Honorable Court for such proposed construction is respectfully requested.

ORDER OF COMMISSIONERS' COURT
GRANTING PIPELINE CROSSING RIGHTS
TO EXXON CORPORATION

IN THE COMMISSIONERS' COURT OF UPSHUR COUNTY, TEXAS:

On this, the 12th day of February, 1981,
on Motion duly made, seconded and passed by the Commissioners'
Court of Upshur County, Texas, and entered in its Minutes, the fore-
going Petition is hereby granted, and said applicant is hereby granted
(so far as the County is able to grant) permission, right and privi-
lege to lay, maintain, repair and operate two (2) pipeline road
crossings under and across the certain roads and ditches as shown on
the map attached to said application upon the conditions, and agreement
of Petitioner, that said pipelines are to be laid, operated, repaired,
and maintained so as not to interfere with the drainage, proper
maintenance, and free and undisturbed use of said roads, and to re-
locate or change at Petitioner's risk and expense said pipelines
within the existing right of way limits as directed by the County
Engineer or Commissioners' Court upon reasonable notice, and to
save the County, and each of its Commissioners harmless from any
cause of action aforesaid. Further, it is agreed and understood
by all parties hereto that all excavations beneath oil and hard-
surface roads will be bored.

THE COMMISSIONERS' COURT OF
UPSHUR COUNTY, TEXAS

By [Signature]

County Judge

APPROVAL OF PERMIT APPLICATION
FOR USE OF UPSHUR COUNTY RIGHT OF WAY

Dated: _____

TO: EXXON CORPORATION
P. O. BOX 2025
Tyler, Texas 75710Attention: Mr. Thomas A. Loftis
Right of Way and Claim Section

The Upshur County Commissioners' Court offers no objections to the location on the rights of way of your proposed gas pipelines as shown by accompanying drawings and Notice dated July 1, 1981, except as noted below:

It is expressly understood that the Upshur County Commissioners' Court does not purport, hereby, to grant any right, claim, title or easement in or upon this county road; it is further understood that in the future should for any reason Upshur County need to work, improve, relocate, widen, increase, add to, or in any manner change the structure of this right of way, this appurtenance, if affected, will be moved under the direction of the Upshur County Commissioners' Court representative and shall be relocated at the complete expense of the owner within thirty (30) days upon receipt of notice from the Commissioners' Court.

All work on the county right of way shall be performed in accordance with the Commissioners' Court's instructions. The installation shall not damage any part of the highway and adequate provisions must be made to cause minimum inconvenience to traffic and adjacent owners. Special specifications for placing this line are as follows:

1. Barricades, warning signs and lights, and flagmen when necessary shall be provided by the contractor or owner. One-half of the traveled portion of the road must be open at all times.
2. All lines, where practicable, shall be located to cross roadbed at approximately right angles thereto. No lines are to be installed under or within 50 feet of either end of any bridge. No lines shall be placed in any culvert or within 10 feet of the closest point of same.
3. Parallel lines will be installed as near the right of way lines as is possible and no parallel line will be installed in the roadbed or between the drainage ditch and the roadbed without special permission of the County Commissioners' Court.
4. Overhead lines will have a minimum clearance of 18 feet above the road surface at the point of crossing.
5. Operations along roadways shall be performed in such a manner that all excavated material be kept off the surface at all times, as well as all operating equipment and materials. No equipment, or installation procedures will be used which will damage any road surface or structures. The cost of any repairs to road surface, roadbed, structures or other right of way features as a direct result of this installation will be borne by the owner of this line.
6. All lines under roads carrying pressure in excess of 50 psi shall be enclosed in satisfactory casing extending from the right of way line to right of way

line. Pipe used for casing may be of any type approved by the County Engineer or Commissioners' Court and shall be capable of supporting load of roadbed and traffic and shall be so constructed that there will be no leakage of any matter through casing for its entire length. Inside diameter of casing shall be at least 2 inches greater than the largest diameter of carrier pipe, joints, or couplings.

- 7. All excavations within the right of way and not under surfacing shall be backfilled by tamping in 6-inch horizontal layers. All surplus material shall be removed from the right of way and the excavation finished flush with surrounding natural ground.
- 8. All ground lines are to be installed a minimum of 36 inches below the flow line of the adjacent drainage or borrow ditch.

Any material placed in county right of way by permit will be of a nature or composition that said line can be located with the use of a standard locator device used in locating buried cables or pipes.

- 9. Lines crossing under roads and under cross-roads within the right of way shall be placed by boring. Boring shall extend from crown line to crown line. Gravity flow sewer lines under roadways shall be cast iron or equivalent pipe.
- 10. Where evidence is presented indicating the impracticability of boring or tunnelling, the Commissioners' Court may grant permission to cut the surfacing no wider than 4 inches. In the event a cut is permitted the following conditions will govern;
 - (a) Excavation areas are to be filled and packed with compatible material; and
 - (b) The surfacing will be replaced with equivalent quality surfacing.
- 11. Notice will be given to the precinct Commissioner 48 hours prior to starting construction of the line in that Commissioners' precinct.
- 12. Where in the opinion of the Upshur County Commissioners' Court it may be considered necessary to protect losses incurred by damages to the roads, bridges, on right of way structures, they may by action of the Court require a surety bond in the amount sufficient to cover any damages.
- 13. Where, in the opinion of the Commissioners' Court, an inspector is necessary, the party receiving permit will bear the cost of an inspector.

SPECIAL ROAD USE AGREEMENT CONTRACT

THE STATE OF TEXAS |
COUNTY OF UPCHUR | KNOW ALL MEN BY THESE PRESENTS

The undersigned, Tom Glover Wood Co.,
hereinafter referred to as First Party, enters into and makes
an agreement with Upchur County Commissioner of Precinct No. 1 & 2
Upchur County, Texas, and in order to get material to market
it is necessary to use a portion of Upchur County roads located
in Precinct No. 1 & 2 over which Commissioner has jurisdiction
and obligation to maintain in good repair and both parties
being aware of possible damage to said roads as a result of
hauling on and over same enter into the following agreement.

1.

First Party agrees to use only that portion of
(describe road) Gardenia and Jonquil Roads

2.

First Party agrees to use its vehicles in such a
manner as not to block or interfere with other traffic on said
road so that said road will be open to travel by the public
at all times.

3.

First Party agrees to grade, maintain and otherwise
repair said road using its own equipment, labor and material,
if any needed, during the duration of this that First Party
is removing logs from its lands located
in Precinct No. 1 & 2, Upchur County.

4.

First Party agrees to put said road back into the
same condition as it was prior to the commencement of hauling
operations on the part of First Party.

5.

First Party agrees to post surety bond in the amount of _____ to Upshur County Commissioners Court to insure performance of agreement.*

First Party agrees to furnish proof of liability insurance with _____ to the Commissioners Court of Upshur County.*
(Name of Insurance Company)

6.

Nothing herein shall be construed as a waiver by the Commissioner of the authority granted him by Article 6716, V.A.C.S., but the rights and authority granted the Commissioner by the terms of Article 6716, V.A.C.S. are expressly reserved by the Commissioner in the event First Party fails to comply with the conditions above set forth.

WITNESS our hands this the 13 day of July, A.D. 19 81.
