SPECIAL ROAD USE AGREEMENT

THIS AGREEMENT made and entered into by and between EXXON COMPANY, U.S.A. (a division of Exxon Corporation), herein called "Exxon," and the COUNTY COMMISSIONERS OF UPSHUR COUNTY, TEXAS,

W I T N E S S E T H :

WHEREAS, for the purpose of the constructing the location and drilling and completing the Rosa Johnston Hefner No. 1 Well in Upshur County, the location of which is shown on Exhibit "A," attached hereto, it is necessary for Exxon to use a portion of two county roads in Precinct No. 1 over which the Commissioner for that Precinct has jurisdiction and the obligation to maintain said road in good repair; and

WHEREAS, both parties are aware of possible damage to said roads as a result of such use of said roads, and Exxon desires to assume responsibility for such damage to the extent herein provided:

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein stated, it is agreed as follows:

1. Exxon agrees that its contractors will use for the purpose above recited, only that section of the county roads shown in RED on Exhibit "A," which section is hereinafter referred to as "the roads." The term "the roads" shall (for the purposes of this agreement) include any bridge or culvert located on or under said roads. For convenience, the use of the roads by the contractors will be referred to as Exxon's use.

2. Exxon agrees that such use will be made in such a manner as not to block or interfere with other traffic on the roads, so that the roads will be open to travel by the public at all times.

3. Exxon agrees to reimburse Upshur County for the reasonable costs of materials for maintaining and repairing the roads during the time that Exxon is using said roads, to the extent that such maintaining and repairing are necessary as the result of Exxon's use of the roads. Exxon also agrees to reimburse Upshur County for such costs incurred in repairing the roads following completion of use of the roads by Exxon as herein provided, to the extent that such repairing is necessary as the result of Exxon's use of the roads as provided herein. The approximate cost of materials to completely resurface a county road is \$6,000.00 per mile. The length of roads to be used by Exxon is about 1.3 miles. Therefore, Exxon agrees to reimburse the County for a maximum of its fair share of \$7,800.

4. During the time that Exxon is so using the roads, if the County Commissioner of Precinct No. 1 proposes to perform any maintenance work or repairs on the roads which said Commissioner deems necessary as the result of Exxon's use of the roads, said Commissioner shall give notice to Exxon of the proposed action not less than forty-eight (48) hours in advance of the performance of said work. In such event, a joint inspection shall be made by an Upshur County representative and a representative of Exxon so that a mutual agreement can be reached, if possible, as to the cause of the need for such maintenance or repair, and the nature and extent of the necessary repairs. Upon completion of Exxon's use of the roads under this agreement, Exxon shall promptly give the County Commissioner of Precinct No. 1 notice of such fact, and promptly thereafter, a joint inspection shall be made by an Upshur County representative and a representative of Exxon so that a mutual

agreement can be reached, if possible, as to the repairs which have become necessary by reason of Exxon's use of the roads. Following each such joint inspection, the County of Upshur shall submit to Exxon a written estimate of the cost of materials for such necessary repairs. The notices herein provided for shall be given in writing, addressed to Exxon at P. O. Box 9003, Tyler, Texas 75711-9003, and to the County Commissioner of Precinct No. 1 at P. O. Box 730, Gilmer, Texas 75644.

5. Payment by Exxon hereunder shall be made upon proof of expenditures, with evidence as to what the expenditures relate, together with a written statement signed by the County Judge of Upshur County, Texas, that such repair work has been completed in a manner satisfactory to the County.

6. Nothing herein shall be construed as a waiver by the Commissioner of Precinct No. 1 of the authority granted him by Article 6717, V.A.C.S., but the rights and authority granted said Commissioner by the terms of said statute are expressly reserved by the Commissioner in the event Exxon fails to abide by the conditions herein stated.

IN WITNESS WHEREOF, the parties hereto have signed this agreement this 23 day of July, A. D., 1984.

Dear Sir:

I am sending you a list of possible judges for the General Election on November 6, 1984. I am sure you are aware that Article 3.01 of the Texas Election Code as amended, entitled "Election Judges" allows me to forward a list of nominees for judges.

These people have served, for the most part, in the Republican Primary and have had several hours of workshops. Any nominees who have not had this experience will be noted. Of course, our local Party will see to it that anyone chosen as a judge, or later as a clerk, will receive adequate training.

Sincerely,

John Melvin Dodd
